

## What you told us...

Does your organisation have a  
PMO?

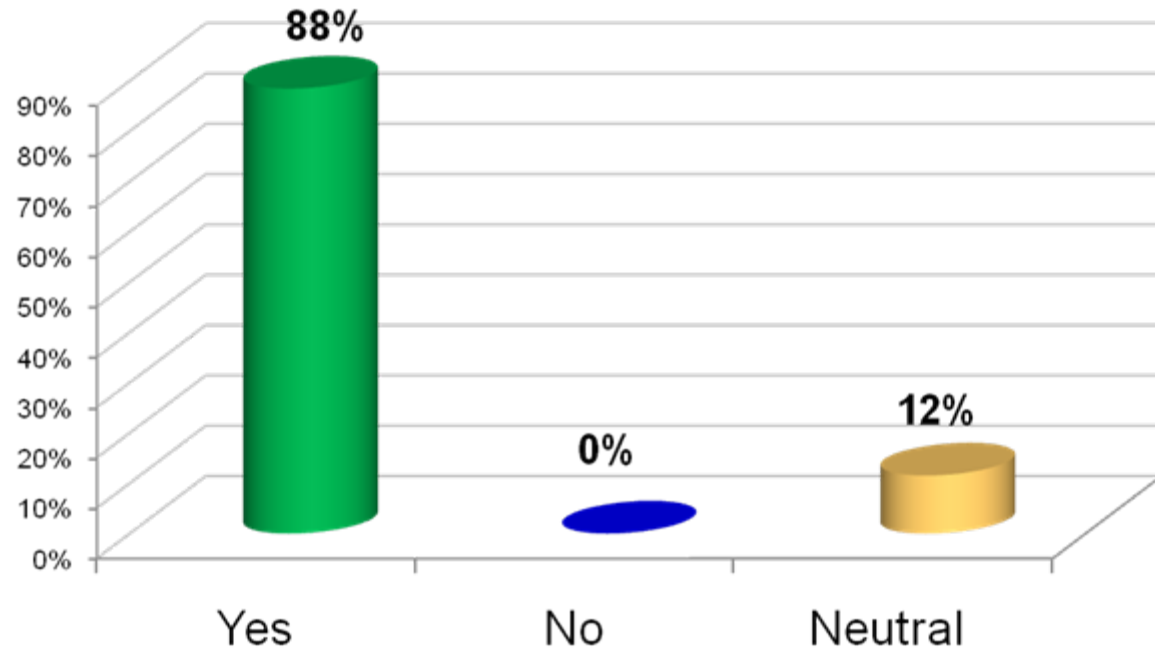

## What you told us...

If no, are you considering  
implementing one?

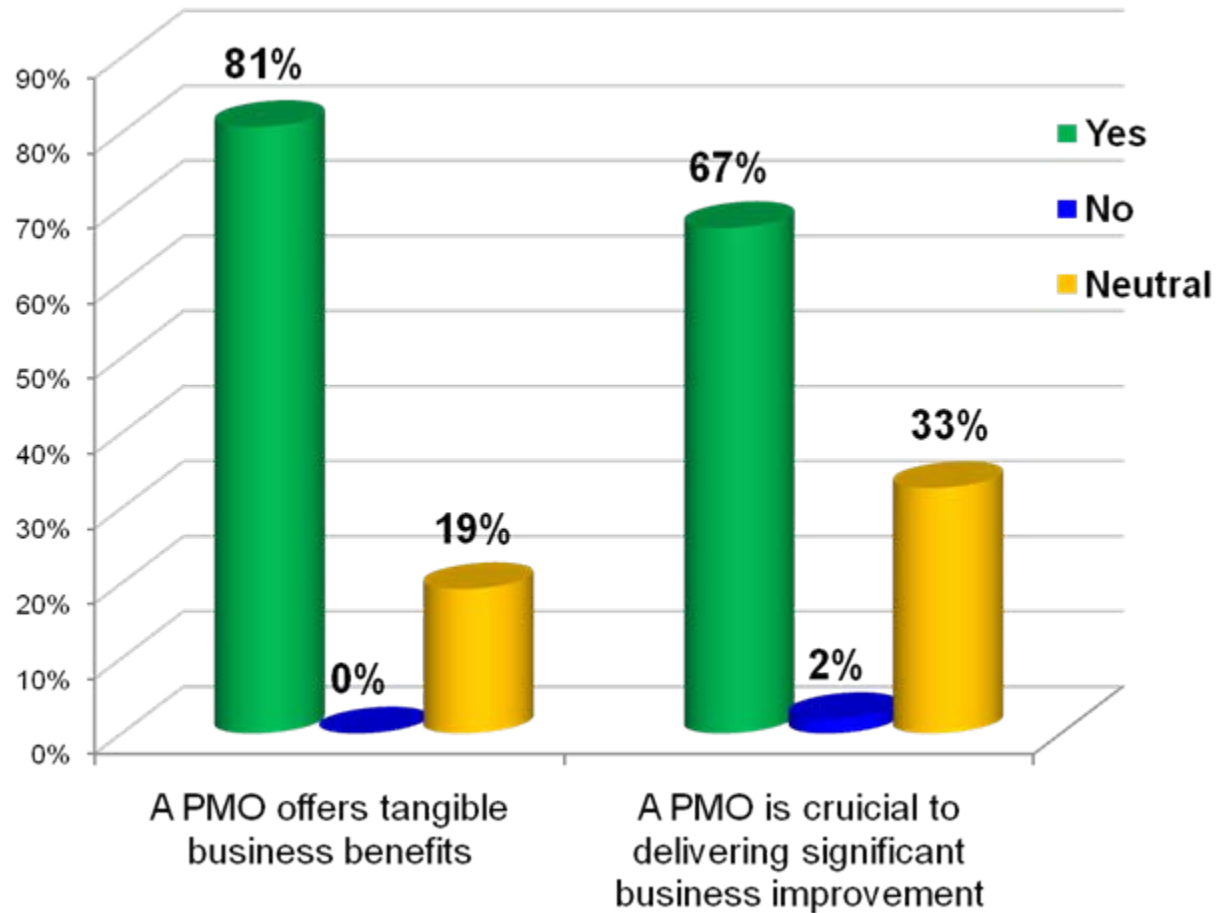

# What you told us...

**It is important to have a standard project methodology**

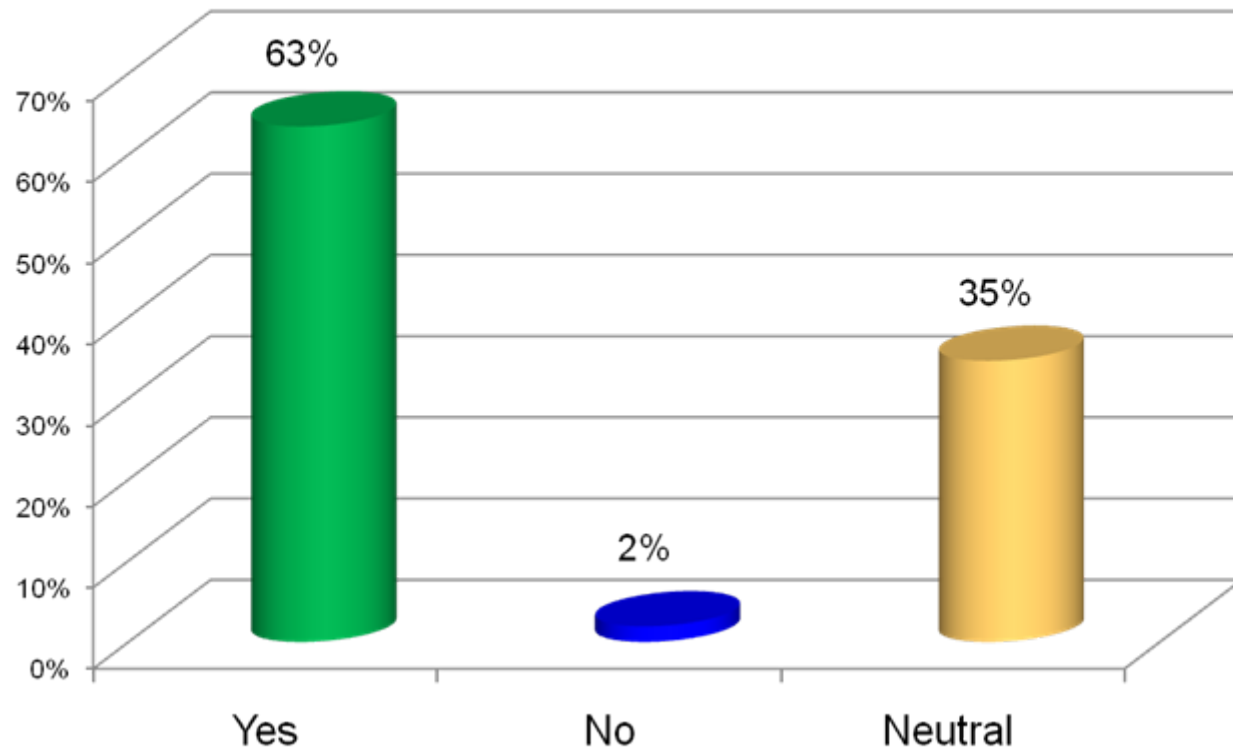

# What you told us...

# What you told us...

Should dedicated project staff have industry recognised qualifications?

# What you told us...

## Should the PMO report to IT or to the Business?
