

Find out why organisations trust us to manage over **\$1.7 BN** of projects each year.

## NSW State Government Case Study

### PM-Partners group Advisory and Delivery Services

**Challenge:** Our client was seeking a specialised Project Management partner to provide advisory, delivery and capability uplift services across their portfolio with a view to transforming project delivery to support the revised strategic direction of the NSW State Government.

**Solution:** PM-Partners group are currently assisting with the set up and running of a PMO to oversee the delivery of a large capital works and transformation projects portfolio. This engagement involves the provision of best practice advice and PMO resources regarding the PMO set up (based on P3O® standards) as well as the supply of key project personnel to assist with the delivery of these projects.

**Benefit:** PM-Partners group were selected to assist, due to our specific experience and specialisation in the Portfolio, Programme and Project Management arena. Our Extended Workforce service offering provides the required specialised resourcing on a flexible basis that is aligned to our clients' strategy. In addition our Advisory related experience provides appropriate access to best practice advice, as and when required. The above items combined with our pedigree as being one of Australia's most accredited Project Management related Education providers means that all requirements can be appropriately serviced by us.

P3O® is a registered trademark of AXELOS Limited.
