

## Scrum Master Certified (SMC™)

*Duration: 2 days.*

“ PM-Partners have been leaders in project management certification for over 20 years. Our trainers are highly qualified, practitioners in their chosen fields. ”

### Overview

Scrum, created by Schwaber and Sutherland (c. 1995), is a popular Agile framework for developing and sustaining complex products. It offers a collection of roles, events, artefacts and rules, providing a way to assess the efficiency of your practices so that you can improve.

Scrum was formulated as a faster, more flexible way to deliver the greatest value in the least amount of time.

The Scrum Master Certified course is a collaborative learning experience, including roundtables, group discussions, team activities and role-plays.

The course also prepares candidates for the Scrum Master Certified (SMC™) certification exam.

### Sydney Training Centre

Level 5, 45 Clarence Street  
Sydney NSW 2000  
P: 1300 70 13 14

### Objectives

This course will enable participants to:

- Gain an overview of the Agile principles - the Agile Manifesto
- Gain an understanding of how Scrum differs from traditional project management methods
- Gain an understanding of Scrum core team roles and how they interface with non-core team roles
- Learn how to conduct effective Scrum planning meetings to set the foundation for successful Sprints
- Learn the importance of conducting effective Daily Stand-ups
- Appreciate the importance of time-boxed meetings / activities
- Learn how to facilitate and understand the benefits of the Sprint Review and Sprint Retrospective Meetings
- Learn the importance of transparency through artefacts, meetings and information radiators such as Burndown Charts and Scrumboards
- Learn how to scale Scrum in programs and portfolios
- Learn tips on how to transition your organisation to Scrum
- Prepare for the Scrum Master Certified certification exam

# Scrum Master Certified (SMC™)

## Who should attend?

This course is designed for:

- Those who work in a Scrum environment
- Project managers
- Project team members and developers
- Technical co-ordinators, team managers / leaders
- Program and portfolio managers

## Prerequisites

Please note that to ensure your outcomes are achieved this course requires some pre-course preparation. This material will be sent out 2 weeks in advance of the course (or at time of booking if booking less than 2 weeks prior to course commencement).

It is a requirement that participants familiarise themselves with this material prior to commencing this course.

## Development Units

Participants who have been awarded the Project Management Professional (PMP)® credential by the Project Management Institute (PMI)® are eligible to earn **14 PDUs** for their participation in this course (10 Technical, 2 Strategic and Business Management and 2 Leadership).

Participants holding any of the Project Management accreditations (CPPP/ CPPM/ CPPD) are eligible to earn **20 CPDs** for this short course.

## Key Topics

- An Introduction to Agile and Scrum
- Scrum Principles and Aspects in detail
- Scrum Roles
- The Scrum Lifecycle
- Scaling Scrum
- Conducting a Scrum project

## Course Delivery

Trainers of this course will use a practical delivery approach to provide participants with a 'hands-on', multi-faceted and challenging learning experience. Understanding and recall techniques will be used to provide participants with a solid comprehension of Scrum.

Courses are facilitated by our experienced and qualified SCRUMstudy Certified Trainers (SCT™). These can be held on-site, at our premises or virtually. All courses can be customised to suit your requirements.

**Weekend courses:** These are conducted over one full weekend.

**Virtual Training:** Our virtual training is streamed live (not pre-recorded) with an accredited trainer in real-time – otherwise referred to as Virtual Instructor Led Training (VILT). Our trainers are based in real training rooms complete with audio visual equipment. We apply best practices incorporating a modular approach with frequent activities, visual engagement, appropriate pace and relevant dynamic learning to add value.

**Materials:** A comprehensive participant handbook is provided.

## Certification

This course prepares candidates to sit the Scrum Master Certified (SMC™) certification exam. Participants may, at the end of this program, register to undertake the proctored online examination which consists of:

- 100 multiple choice questions
- 2 hours duration
- One mark per correct answer

Exams are administered by ScrumStudy and the cost of the exam is included in the course fee.

SCT is a trademark of SCRUMstudy.

PMI and Project Management Professional (PMP) are registered marks of the Project Management Institute, Inc.
