

PMI Agile Certified Practitioner (PMI-ACP)[®]

Overview

In today's fast-paced and ever-evolving landscape, organisations that embrace agility and adaptability consistently gain a competitive edge. With a growing demand for skilled agile practitioners, the PMI Agile Certified Practitioner (PMI-ACP) certification has become an essential credential, empowering professionals with the mindset, tools, and skills to excel in agile environments.

Our PMI-ACP exam preparation course is designed to equip you with the comprehensive knowledge and practical skills needed to confidently pursue this globally recognised certification. Developed by industry leaders, this program aligns with the latest agile practices and emphasises an "Agile Mindset," preparing you to effectively drive agile transformations, projects, and product development.

Throughout the course, you will learn best practices for agile collaboration, along with tools and techniques to thrive in any agile setting. By achieving your PMI-ACP certification, you will validate your expertise and join a community of agile practitioners who enable organisations to remain agile, innovative, and resilient.

Objectives

Course Duration: 4 days

This course will boost your knowledge of agile approaches, where and when to apply them, and how to empower teams and drive remarkable results. It will also prepare you to sit for the PMI-ACP Certification. The course aligns to the ACP Exam Content Outline and satisfies the 28 training hours required to apply for the ACP certification.

Key topics

Mindset

Cultivate an agile mindset, focusing on early experimentation, creating a collaborative environment, and building transparency. Foster psychological safety and a growth mindset to shorten feedback loops and empower continuous improvement.

Leadership

Empower your team with agile principles. Explore techniques to resolve conflicts, promote knowledge sharing, and reinforce a shared vision and purpose. This module equips you to facilitate team dynamics that drive collaboration and agile success.

Product

Gain skills to manage the product backlog, oversee increments, and visualize workflows. These practices enable you to prioritize effectively and focus on value delivery, ensuring each step aligns with customer needs and business goals.

Delivery

Optimize workflows and maintain agile practices throughout the project lifecycle. Learn to manage metrics, address impediments, engage customers for feedback, and eliminate inefficiencies, while focusing on continuous improvement for project success.

Course delivery

As part of PM-Partners' new integrated learning solution, this course offers students the option to attend our bespoke classroom in person or virtually by dialling in from a remote location. Trainers are skilled at both delivery methods and use the latest in virtual technology to simultaneously provide participants with the same interactive, multi-faceted and challenging learning experience. Whichever delivery mode learners choose, comprehension and recall techniques will be used to provide them with a solid understanding of PMI-ACP.

PM-Partners has been reviewed and approved by the PMI® Authorized Training Partner Program as a Premier ATP (ID: 1394).

For group bookings, courses can be customised to suit your requirements and conducted onsite at your premises, at our training centre, or virtually.

- **Materials:** A comprehensive practitioner participant handbook will be provided.
- *PM-Partners group is a Global PMI® Registered Education Provider (R.E.P.).*

Why learn with PM-Partners?

Because we turn your career goals into reality.

Poor project skills are consistently quoted as a key reason for project failure. To be successful in project delivery, it's critical to invest in yourself and the capabilities of your team. This means setting clear goals and making a commitment to continuous improvement.

Certification and training is a vital part of this journey. But you need to know which foot to put forward, and when, to ensure you're heading in the right direction. That's where our expert guidance and support comes in.

Tell us where you want to go

At PM-Partners we start every conversation with the question, 'Where are you trying to go?' We then apply our expertise to show you exactly 'how' to get there.

We believe that having the relevant skills and methodologies is critical to delivery success, and ultimately career success. Depending on your aims, our team of professional development consultants will work closely with you to create a development pathway, or team training program, that aligns with your goals.

Helping to develop professional capabilities for 25 years

Our accredited programs provide certification and development across a range of globally recognised project management and delivery streams.

Each year, our expert facilitators train and certify more than 12,000 people throughout Australia, New Zealand and South-East Asia to best practice standards. All highly qualified practitioners in their field, they draw from real-life scenarios and their own experience to add real value for individuals, teams and organisations.

Our promise to you

PM-Partners is committed to providing industry leading education that is relevant, up-to-date and designed to meet your specific needs.

We offer qualifications in multiple disciplines, including key products in PeopleCert's best practice portfolio, such as ITIL®, PRINCE2® Project Management, PRINCE2® Agile Project Management, PRINCE2® Programme Management, Prince2® Portfolio Management, and P3O®; APMG's AgilePM®, AgileBA®, AgilePgM™, Lean Six Sigma, Managing Benefits and Change Management; as well as the Scaled Agile Framework® (SAFe®); and Business Analysis programs from The Australian Chapter of the International Institute of Business Analysis™ (IIBA®), to name a few.
