

Scrum Master Certified (SMC[®])

Overview

Scrum, created by Schwaber and Sutherland (c. 1995), is a popular Agile framework for developing and sustaining complex products. It offers a collection of roles, events, artefacts and rules, providing a way to assess the efficiency of your practices so that you can improve.

Scrum was formulated as a faster, more flexible way to deliver the greatest value in the least amount of time.

The Scrum Master Certified course is a collaborative learning experience, including roundtables, group discussions, team activities and role-plays.

The course also prepares candidates for the Scrum Master Certified (SMC®) certification exam.

Course Delivery

As part of PM-Partners' new integrated learning solution, this course offers students the option to attend our bespoke classroom in person or virtually by dialling in from a remote location. Trainers are skilled at both delivery methods and use the latest in virtual technology to simultaneously provide participants with the same interactive, multi-faceted and challenging learning experience. Whichever delivery mode learners choose, comprehension and recall techniques will be used to provide them with a solid understanding of Scrum.

Courses are facilitated by our experienced and qualified SCRUMstudy Certified Trainers (SCT®). For group bookings, they can be customised to suit your requirements and conducted onsite at your premises, at our training centre, or virtually.

Virtual training: You can learn more about our virtual delivery [here](#).

Weekend courses: These are conducted over one full weekend.

Materials: A comprehensive participant handbook is provided.

Exams are administered by ScrumStudy and the cost of the exam is included in the course fee.

Who is this course for?

Why learn with PM-Partners?

Because we turn your career goals into reality.

Poor project skills are consistently quoted as a key reason for project failure. To be successful in project delivery, it's critical to invest in yourself and the capabilities of your team. This means setting clear goals and making a commitment to continuous improvement.

Certification and training is a vital part of this journey. But you need to know which foot to put forward, and when, to ensure you're heading in the right direction. That's where our expert guidance and support comes in.

Tell us where you want to go

At PM-Partners we start every conversation with the question, 'Where are you trying to go?' We then apply our expertise to show you exactly 'how' to get there.

We believe that having the relevant skills and methodologies is critical to delivery success, and ultimately career success. Depending on your aims, our team of professional development consultants will work closely with you to create a development pathway, or team training program, that aligns with your goals.

Helping to develop professional capabilities for 25 years

Our accredited programs provide certification and development across a range of globally recognised project management and delivery streams.
