

AI-Native Foundations

Working and thriving in the age of AI

Overview

Course duration: 2 days

You've been told to "use AI." But with the hype, half-truths, and endless tools, it's hard to know where to begin.

Being AI-Native means embedding AI into how you think, work, and lead—so you can thrive in the Age of AI.

AI-Native Foundations helps teams cut through the noise. In two immersive days, you'll build the confidence, shared language, and practical skills to apply AI meaningfully—right in the flow of everyday work.

This goes beyond prompt-writing. You'll learn how AI really works (in plain English), explore the

essential success factors that enhance adoption, and redesign one of your own workflows to deliver measurable business value from day one.

By the end of AI-Native Foundations, you will walk away with: By the end, teams walk away with:

- A **shared AI vocabulary** that accelerates alignment across business and tech
- A **responsible adoption playbook** to reduce compliance and brand risk
- A **30-60-90 day AI action plan** tailored to their role, ready to implement immediately

Objectives

Business outcomes

By the end of AI-Native Foundations, you and your team will be able to:

- Align faster across business and tech with a shared AI vocabulary that reduces friction and misinterpretation.
- Turn existing tools into real ROI by redesigning workflows to save hours and deliver measurable results immediately.
- Lead with confidence and credibility by knowing how to assess feasibility, risks, and expected returns before committing resources.
- Innovate without increasing risk by applying compliance and safety guardrails from the start.

Course delivery

As part of PM-Partners' new integrated learning solution, this course offers students the option to attend our bespoke classroom in person or virtually by dialling in from a remote location. Trainers are skilled at both delivery methods and use the latest in virtual technology to simultaneously provide participants with the same interactive, multi-faceted and challenging learning experience. Whichever delivery mode learners choose, comprehension and recall techniques will be used to provide them with a solid understanding of AI-Native Foundations.

For group bookings, courses can be customised to suit your requirements and conducted onsite at your premises, at our training centre, or virtually.

- **Materials:** A participant workbook is provided.

Who is this course for?

AI-Native Foundations is built for professionals who are expected to deliver AI results without the luxury of trial and error.

This course is a great fit if you are:

- A business leader who needs to translate AI potential into measurable ROI
- A product or delivery professional responsible for integrating AI into value streams without breaking what already works
- An operations or enablement lead tasked with creating standards, playbooks, and guardrails for responsible AI use
- A change-maker inside your team who wants to bridge the gap between technical possibilities and business realities

Why learn with PM-Partners?

Because we turn your career goals into reality.

Poor project skills are consistently quoted as a key reason for project failure. To be successful in project delivery, it's critical to invest in yourself and the capabilities of your team. This means setting clear goals and making a commitment to continuous improvement.

Certification and training is a vital part of this journey. But you need to know which foot to put forward, and when, to ensure you're heading in the right direction. That's where our expert guidance and support comes in.

Tell us where you want to go

At PM-Partners we start every conversation with the question, 'Where are you trying to go?' We then apply our expertise to show you exactly 'how' to get there.

We believe that having the relevant skills and methodologies is critical to delivery success, and ultimately career success. Depending on your aims, our team of professional development consultants will work closely with you to create a development pathway, or team training program, that aligns with your goals.

Helping to develop professional capabilities for 25 years

Our accredited programs provide certification and development across a range of globally recognised project management and delivery streams.

Each year, our expert facilitators train and certify more than 12,000 people throughout Australia, New Zealand and South-East Asia to best practice standards. All highly qualified practitioners in their field, they draw from real-life scenarios and their own experience to add real value for individuals, teams and organisations.

Our promise to you

PM-Partners is committed to providing industry leading education that is relevant, up-to-date and designed to meet your specific needs.

We offer qualifications in multiple disciplines, including key products in PeopleCert's best practice portfolio, such as ITIL®, PRINCE2® Project Management, PRINCE2® Agile Project Management, PRINCE2® Programme Management, Prince2® Portfolio Management, and P3O®; APMG's AgilePM®, AgileBA®, AgilePgM™, Lean Six Sigma, Managing Benefits and Change Management; as well as the Scaled Agile Framework® (SAFe®); and Business Analysis programs from The Australian Chapter of the International Institute of Business Analysis™ (IIBA®), to name a few.
