

Kanban in Practice

Applying the Kanban method for enhanced delivery efficiency

Overview

Today's market means organisations are often searching for ways to enhance customer experience while reducing overall costs. The Kanban method is fast gaining acceptance across all industries facilitating business improvement by streamlining processes and reducing costs.

Incorporating a set of principles and disciplined practices that can be applied to any process, Kanban, when implemented properly, provides transparency and awareness. This helps teams improve lead time and reduce bottlenecks, thus delivering value on time without overshooting budgets or time considerations.

Key topics

Introducing the Kanban method

Why Kanban? The evolution of Kanban. The Kanban method – principles and practices. Applying Kanban.

Kanban in detail

The Kanban board. Moving work across the board using pull systems, work in progress limits and policies. Improving the flow of work through various techniques such as cycle time, cumulative flow diagrams, reducing waste and Kaizen events. The requirement for roles and ceremonies.

Using Kanban with other approaches

Kanban and Agile. Kanban and Scrum. Kanban and Lean.

Objectives

Duration: 1 day

The objective of this course is to provide:

- An understanding of the benefits of using the Kanban method
- An overview of Kanban principles and practices
- Practical experience in applying Kanban principles, practices and techniques
- An understanding of how Kanban can be incorporated into other Agile practices
- No exam. Workshop only.

Course delivery

This highly interactive course combines pragmatic discussions on theory, whilst also ensuring learning is realised through the actual application of the Kanban method using various activities and simulations. This interactive learning will help demonstrate how to change processes with a minimal impact to your business and, more importantly, the people using Kanban.

Courses are facilitated by our expert team and can be conducted onsite or at our premises. All courses can be customised to suit your requirements.

Materials: A comprehensive participant handbook is provided which includes various activities and materials to support the adoption of the Kanban method within the organisation.

Why learn with PM-Partners?

Because we turn your career goals into reality.

Poor project skills are consistently quoted as a key reason for project failure. To be successful in project delivery, it's critical to invest in yourself and the capabilities of your team. This means setting clear goals and making a commitment to continuous improvement.

Certification and training is a vital part of this journey. But you need to know which foot to put forward, and when, to ensure you're heading in the right direction. That's where our expert guidance and support comes in.

Tell us where you want to go

At PM-Partners we start every conversation with the question, 'Where are you trying to go?' We then apply our expertise to show you exactly 'how' to get there.

We believe that having the relevant skills and methodologies is critical to delivery success, and ultimately career success. Depending on your aims, our team of professional development consultants will work closely with you to create a development pathway, or team training program, that aligns with your goals.

Helping to develop professional capabilities for 25 years

Our accredited programs provide certification and development across a range of globally recognised project management and delivery streams.

Each year, our expert facilitators train and certify more than 12,000 people throughout Australia, New Zealand and South-East Asia to best practice standards. All highly qualified practitioners in their field, they draw from real-life scenarios and their own experience to add real value for individuals, teams and organisations.

Our promise to you

PM-Partners is committed to providing industry leading education that is relevant, up-to-date and designed to meet your specific needs.

We offer qualifications in multiple disciplines, including key products in PeopleCert's best practice portfolio, such as ITIL®, PRINCE2® Project Management, PRINCE2® Agile Project Management, PRINCE2® Programme Management, Prince2® Portfolio Management, and P30®; APMG's AgilePM®, AgileBA®, AgilePgm™, Lean Six Sigma, Managing Benefits and Change Management; as well as the Scaled Agile Framework® (SAFe®); and Business Analysis programs from The Australian Chapter of the International Institute of Business Analysis™ (IIBA®), to name a few.
